

Sculptural Felt Workshop for Beginners **with Birgit Moffatt**

11 February 2023 10am - 4pm

In the morning we are making a flat piece of felt including a couple of ways to embellish our felt to get familiar with the process. After lunch, we are moving into three-dimensional felting, making a vessel by using a resist. This workshop is suitable for beginners and for those with basic felting experience who want to move from making flat (2 dimensional) to making sculptural (3 dimensional) felt.

All wool and materials supplied.

You will get a handout with more information about felt making including a step-by-step guide for vessel making.
