

Gorgeous Cordage Morning Workshop

21/4/24 10am-12.30pm

Join me for a morning of learning how to make cordage. Cordage can be made from a variety of fibres and we will experiment with paper, leaves and string. The process is slow, calming and addictive! I will also give you some suggestions on how you can further use your cordage.

What else we will cover in this workshop

- harvest, storage and preparation of natural fibres
- other fibres that are suitable for making cordage

This workshop is suitable for absolute beginners with no previous experience in working with fibres.

Materials are provided, refreshments provided

Where: 32 Parenga Road, Ōtaki Gorge

Cost: \$70

Booking: birgitmoffatt@gmail.com
